RADICAL CHANGES IN FOOTBALL RULES

Intercollegiate Football Committee Announce Six Modifications Of Rules

At the close of the meeting of the intercollegiate foot-ball rules committee Saturday, the following modifications and changes in the rules were made public:—

Removal of the requirement that the player who receives the ball from the snap-back run five yards to either side before advancing; A requirement that seven men be maintained by the offence on the line of scrimmage; Prohibition of the flying tackle; Division of the game into four periods of 15 minutes each; No pushing or pulling of the runner to be allowed; A requirement that the ball in the case of an on-side kick must strike the ground at least 20 yards beyond the line of scrimmage, failing which the members of the team kicking the ball are off side. The problem now facing the committee is whether or not the present forward pass across the line of scrimmage could with safety be retained.

Not enough votes could be mustered to decide for or against this play, although there was very little effort made to force the question to a vote at today's session. Despite the eight hours debate on this point on Friday and the two days devoted to discussion along the same line last month, the committee adjourned at noon not much nearer the solution of the problem than it had been before. This question will be the principal one for the committee to decide at the meeting at Philadelphia on April 29th.

The main line of discussion has readily been separated into two possible policies, both of which are closely associated. These are, first, along the line of direct technical prohibitions that would tend to prevent injuries, and, second, along the line of a development of that style of play which would tend to give possibilities and opportunities for end runs, open play, etc., together with other changes, that would tend to eliminate abusive or too frequent mass play.

1912 TECHNIQUE

Adopted Constitution Differs From That Of Last Year

The 1912 Technique Electoral Committee is hard at work, meeting in the Union each week on Tuesday evening, and on Friday afternoon. A constitution has been adopted differing slightly from that of the 1911 Electoral Committee. Thus, one of the most troublesome problems of the 1911 committee has already been solved. No elections have as yet been made, but nominations for the position of editor-in-chief are now being considered.

The officers of the committee are: chairman, Archibald Eicher; vice-chairman, Frederick W. Barker, Jr.; secretary-treasurer, Seth H. Seelye. Owing to the resignations of H. S. Benson, H. G. Watkins, and C. A. Stewart, who have felt obliged to withdraw on account of other work, the membership of the committee now includes the following names: A. Eicher, C. H. Carpenter, A. T. Bennis, H. E. Kebbon, H. D. Kemp, J. E. Whittlesey, H. Greenleaf.

SOPHOMORE BASEBALL MEN SHOW UP WELL

Have Stiff Practice And Finish With Fast Scrub Game

The Sophomores put in a fast, scrappy practice at the Field Saturday afternoon. They had a big bunch of men out, enough for two teams, and every man played hard and snappy.

After a stiff practice, batting and fielding, the squad was divided up into teams and a scrub game was played.

The regulars were a shade the better, and kept ahead of the yannigans from the start. No score of the game was kept. Capt. Taylor is playing a hard game behind the bat, and is putting considerable life into the team. The teams lined up as follows:

FINANCE COMMISSION

Representatives Meet Tomorrow To Discuss Powers

Plans for a finance committee are still under way in the Institute Committee. On Tuesday afternoon at four o'clock, two representatives from each activity will meet to vote on the propositions.

At the meetings which have been held by the Institute Committee with the managers and treasurers of the activities it was voted unanimously that it is advisable to have some form of Finance Commission to guide the finances of the student activities in clear and business-like methods.

The committee then accepted each of the following paragraphs, with the exception of the Powers of the Finance Commission, which have since been drawn up by a sub-committee.

In drawing up these measures it was the aim of the committee to make suggestions that would be broad and yet ask for clear, simple, business-like methods which every activity undoubtedly desires.

The sub-committee asks the representatives who attended the meeting to explain to their societies any measures which are not understood, and to use their influence to insure the successful passing of the following measures, and thus secure the credit and reputation of the Institute with all tradesmen.

"Two representatives with the elected member of the Institute Committee shall constitute a committee to elect the Finance Commission. The Committee shall be known as the Electoral Committee. The president of the Institute Committee shall be the presiding officer."

"This Committee will be concerned with the following Institute activities: the classes, Tech Show, Technique, The Tech, Musical Clubs, Tech Christian Association, Athletic Association, The Union, The Wireless and Aero Clubs, Institute Committees, Class Day Committee, Prom Committee, Portfolio Committee.

SMALL SQUAD RUNS OVER WAKEFIELD COURSE

Hare And Hounds Run Over Fine Course—Harvard Course Today

Only sixteen men enjoyed the pleasure of running over the best course that the Hare and Hounds Club has ever laid out. This is the smallest number of men that have turned out for a cross-country run in many years. There was not enough men in the two lower classes to make a team; the freshmen had only five men and the sophomores did but little better, having six runners. In the Freshmen-Sophomore race six men of each class score. More men must go on the regular runs or else there will not be enough men to properly represent either class in the annual run.

The course at Wakefield was pronounced the best by far of any which has been covered by Tech runners. It was over fields, country roads and through some excellent stretches of woodland. About half the course was over fine golf ground. Captain H. G. Watkins and K. Cartwright are to be given considerable credit for planning such a good course.

The run was about six miles long. The men were divided into two squads, the hares running with the first squad, thus giving the men a much steadier run than under ordinary conditions. G. H. Magee 1910 and J. F. Hakes 1912 captured the bags. The finish was down a macadam road for a short distance and then across a park which afforded most ideal conditions for the ending of the run. The start of the finish was fast and quite a number of the men bunched in the front, but when about 200 yards from the finish, K. Cartwright pulled away from the rest, taking first place with a comfortable margin.

Today there will be a run over the Harvard course. The train leaves Back Bay at 4.20. The management desires every man who intends to run in either the intercourse of the interclass race to be present on this run.

The order of the finish was as follows:—

R. D. Bonney 1913, R. M. Ferry 1912, G. R. Pardy 1913, D. V. Nason 1913, R. W. Weeks 1913, W. L. Whitehead 1913, H. M. Foley 1912, G. H. Magee 1910, W. D. DeWitt 1911.

Also on the run were: W. West 1911, S. E. Flett 1912, H. F. Ferguson 1912, J. F. Hakes 1912, H. G. Watkins 1912, and C. W. White 1910.

SMOKER TO FACULTY

Intimacy Between Faculty And Students To Be Increased

On Friday, April 8, an entertainment and smoker will be given in the Union by students at the Institute for the Faculty and the Instructing Staff.

The object of the entertainments is to bring the students and the Faculty into closer and more intimate relations with each other in an informal and pleasant way.

The Institute Committee feels that there is a great need for such relations, and hopes that all who are interested will be there to make the evening a success. This smoker takes the place of the regular Friday evening entertainment.

MEETING OF TRACK MEN TOMORROW NOON

Tech's Chances For New England Intercollegiates Are Very Small

To-morrow at 1.00 o'clock in Huntington Hall there will be a meeting of all Technology men interested in track work. Coach Kanaly calls this meeting in order to bring out new material as well as to get the old track men out. The outlook for Tech in the New England Intercollegiates is very discouraging. The out-door season has started very poorly, and great improvement is absolutely necessary to give Technology any kind of a show.

Coach Kanaly has arranged to have some very prominent track men speak to the fellows. Carl Gram 1909, holder of the New England Intercollegiate 220-yd. record, W. R. Dray 1910, Yale's champion pole-vaulter, Dr. J. A. Rockwell 1896, the holder of Technology's 440-yd. record, and Major F. H. Briggs 1881, chairman of the Advisory Council, will probably address the men.

Saturday, the largest number of men, twenty-seven, (Captain Allen among them), reported at the Field. No hard work was done, however.

The coach says that the outlook is a little more encouraging, but there are many men of 'varsity calibre who have not yet reported.

BRITISHERS TO DINE

Six-thirty this evening the Hotel Nottingham will be the scene of the annual dinner of the Harvard Canadian Club, and the British Empire Association of Technology. The two clubs try to get together two or three times a year, and this dinner is usually the most successful of these meetings.

For Technology, the speaker will be Dean Burton

THE HARVARD-YALE DEBATE

The subject for the Harvard-Yale
freshman debate at New Haven on Fri-
day evening, April 29, is: "Resolved,
That the United States should adopt a
system of subsidies, other than our pres-
ent mail subsidies, for the encourage-
ment of our merchant marine." Harvard
has until next Monday to decide which
side of the question it will defend. The
preliminary trials will be held Wednes-
day. Twelve men will be chosen and
from the third trial on next Monday, six
men will be retained, three of whom will
be picked by the judges to debate against
Yale.

Various Freshmen have asked who
was the captain of the track team. For
the benefit of all those who are in
doubt, he is R. H. Allen, 1910. He is
the big tall fellow who used to be at
Tech Field early last fall.

Professor William Moore of Cornell
has received an appointment to a chair
in the faculty of the British Agricul-
tural College in the Transvaal. He will
leave soon for a three-year term there.

RADICAL CHANGES IN FOOTBALL RULES

Intercollegiate Football Committee Announce Six Modifications Of Rules

At the close of the meeting of the intercollegiate foot-ball rules committee Saturday, the following modifications and changes in the rules were made public:—

Removal of the requirement that the player who receives the ball from the snap-back run five yards to either side before advancing; A requirement that seven men be maintained by the offence on the line of scrimmage; Prohibition of the flying tackle; Division of the game into four periods of 15 minutes each; No pushing or pulling of the runner to be allowed; A requirement that the ball in the case of an on-side kick must strike the ground at least 20 yards beyond the line of scrimmage, failing which the members of the team kicking the ball are off side.

The problem now facing the committee is whether or not the present forward pass across the line of scrimmage could with safety be retained.

Not enough votes could be mustered to decide for or against this play, although there was very little effort made to force the question to a vote at today's session. Despite the eight hours debate on this point on Friday and the two days devoted to discussion along the same line last month, the committee adjourned at noon not much nearer the solution of the problem than it had been before. Plans for a finance committee are still under way in the Institute Committee. On Tuesday afternoon at four o'clock, two representatives from each activity will meet to vote on the propositions.

At the meetings which have been held by the Institute Committee with the managers and treasurers of the activities it was voted unanimously that it is advisable to have some form of Finance Commission to guide the finances of the student activities in clear and business-like methods.

Today there will be a run over the Harvard course. The train leaves Back Bay at 4.20. The management desires every man who intends to run in either the intercourse of the interclass race to be present on this run.

The order of the finish was as follows:—

R. D. Bonney 1913, R. M. Ferry 1912, C. R. Pardy 1913, D. V. Nason 1913, R. W. Weeks 1913, W. L. Whitehead 1913, H. M. Foley 1912, G. H. Magee 1910, W. D. DeWitt 1911.

Also on the run were: W. West 1911, S. E. Flett 1912, H. P. Ferguson 1912, J. F. Hakes 1912, H. G. Watkins 1912, and C. W. White 1910.

SMOKER TO FACULTY

Intimacy Between Faculty And Students To Be Increased

On Friday, April 8, an entertainment and smoker will be given in the Union by students at the Institute for the Faculty and the Instructing Staff.

The object of the entertainments is to bring the students and the Faculty into closer and more intimate relations with each other in an informal and pleasant way.

The Institute Committee feels that there is a great need for such relations, and hopes that all who are interested will be there to make the evening a success. This smoker takes the place of the regular Friday evening entertainment.

MEETING OF TRACK MEN TOMORROW NOON

Tech's Chances For New Eng- land Intercollegiates Are Very Small

To-morrow at 1.00 o'clock in Huntington Hall there will be a meeting of all Technology men interested in track work. GENERAL NEWS

TELEGRAPH NEWS OF THE MORNING.

WEATHER REPORT.

Washington, D. C., Mar. 28.—Fair. Westerly winds.

New York, Mar. 28.—The inter-collegiate football rules committee reached some definite conclusions regarding various changes in the playing rules Saturday, actually passing finally on six points of technicality calculated to act directly toward the prevention of physical injury to the players, and besides tentatively outlining two styles of game to be played in the future to dovetail with the technical regularities passed.

Boston, Mass., March 28.—While the statement is not verified, it is reported that George W. Coleman, who is under indictment for wrecking the National City Bank of Cambridge, and Miss Mammie Hightower of Kansas City are man and wife. No member of Coleman's family will positively deny the report of the marriage of Miss Hightower and the young bank wrecker, but his father, Walter G. Coleman, has emphatically said that he positively forbade the marriage and also that it would not take place, thus giving the impression that he understands the young couple are not yet married.

Boston, March 28.—Norumbega Park is to have a new open-air theatre completed when the 14th season opens on Decoration Day. It is already in process of construction, and promises to rival anything of its kind in the world. It will be a magnificent structure of steel and cement and built to last for a generation. It is estimated that it will cost in the neighborhood of \$60,000.

Although the season will not officially open for over a month, the Charles river at Riverside yesterday presented a mid-season aspect, many hundred canoeists taking advantage of the day for their first paddle of the year on the popular sheet of water. Everything points to a record-breaking season on the Charles this summer, many new canoes and boats arriving at the numerous clubs and boathouses every day.

A State-endowed suburb where you can own your own house by paying the State \$10 down and \$15 a month is one of the interesting projects of the present legislative session. A bill providing for this has already been reported by the public health committee, with only three dissenters, who, it is understood, object to the phrasing of the measure rather than the idea, and is now before the ways and means committee for consideration. In this State-built suburb the single house is to prevail and regular allowances of land are to be made for garden truck and flowers. There will be recreation centers and playgrounds, and

light and air will be made obligatory instead of optional, as in many of the present quarters where the middle class are now housed.

GRAND OPERA WAR.

Boston, March 28.—Grand opera will be on in full swing this week. The Metropolitan Opera Company at the Boston Opera House on Huntington Avenue, and the Manhattan Opera Company at the Boston Theatre will begin their opera war tonight. "Elektra" and "Aida" head the lists as features. The fact that these famous pieces come on the same night will be regretted by many. "Elektra" is the most talked of musical composition of recent years. This remarkable work requires the services of an orchestra of 150, a dramatic soprano of the first rank and a highly competent cast. In Mme. Mazarin, Hammerstein has such a soprano, and her interpretation of "Elektra" is declared to be the most wonderful. The people of Boston are suffering from an acute attack of "grandoperitis." Advance sales are record-breakers.

FOREIGN.

Naples, March 27.—Five large new fissures have opened near the central crater of Mount Vesuvius, but the volcano shows no great activity.

Manila, March 27.—It is reported that a gun on the United States cruiser Charleston exploded while she was at target practice in Olongapo Bay. Eight men were killed or wounded. The cruiser is returning to Cavite.

FINANCE COMMISSION

(Continued from page 1.)

The President of the Institute Committee shall be a member ex-officio.

The Committee shall hold monthly meetings during the college year.

The Finance Commission shall have the power to insist upon a clear, business-like financial report from the activities before the seventh of the month for the month preceding. The report shall cover the following items:

Cash on hand the first of the month;
Expenditures and liabilities;
Receipts and assets;
Balance on hand at end of month.

The Finance Commission shall have the power to audit the accounts of any activity when it thinks such action is necessary.

"If the financial condition of any activity is such that in the opinion of the Finance Commission, the activity will not be able to pay any debt incurred, the Finance Commission shall have the power to insist upon some guarantee from the activity that the amount to cover such indebtedness is raised.

In case any activity does not comply with the above measures, the Finance Commission shall refer the action of the activity to the electoral committee."

WANTED--A RIDER AGENT

sample Latest Model "Ranger" bicycle furnished by us. Our agents everywhere are making money fast. *Write for full particulars and special offer at once.*

NO MONEY REQUIRED until you receive and approve of your bicycle. We ship to anyone, anywhere in the U. S. *without a cent deposit in advance, prepay freight,* and allow **TEN DAYS' FREE TRIAL** during which time you may ride the bicycle and put it to any test you wish. If you are then not perfectly satisfied or do not wish to keep the bicycle ship it back to us at our expense and *you will not be out one cent.*

FACTORY PRICES We furnish the highest grade bicycles it is possible to make to \$25 middlemen's profits by buying direct of us and have the manufacturer's guarantee behind your bicycle. **DO NOT BUY** a bicycle or a pair of tires from anyone at any price until you receive our catalogues and learn our unheard of *factory prices and remarkable special offers to rider agents.*

YOU WILL BE ASTONISHED when you receive our beautiful catalogue and study our superb models at the *wonderfully low prices* we can make you this year. We sell the highest grade bicycles for less money than any other factory. We are satisfied with \$1.00 profit above factory cost. **DOUBLE** our prices. Orders filled the day received.

SECOND HAND BICYCLES. We do not regularly handle second hand bicycles, but usually have a number on hand taken in trade by our Chicago retail stores. These we clear out promptly at prices ranging from \$3 to \$8 or \$10. Descriptive bargain lists mailed free.

COASTER-BRAKES, single wheels, imported roller chains and pedals, parts, repairs and equipment of all kinds at *half the usual retail prices.*

\$8.50 HEDGETHORN PUNCTURE-PROOF \$4.80
SELF-HEALING TIRES A SAMPLE PAIR TO INTRODUCE, ONLY **4**

The regular retail price of these tires is \$8.50 per pair, but to introduce we will sell you a sample pair for \$4.80 (cash with order \$4.55).

NO MORE TROUBLE FROM PUNCTURES NAILS, Tacks or Glass will not let the air out. Sixty thousand pairs sold last year. Over two hundred thousand pairs now in use.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is \$8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price \$4.55 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. You run no risk in not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once, hence this remarkable tire offer.

IF YOU NEED TIRES don't buy any kind at any price until you send for a pair of the special introductory price quoted above; or write for our big Tire and Sundry Catalogue which describes and quotes all makes and kinds of tires at about half the usual prices. **DO NOT WAIT** but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it **NOW.**
